

# EACH TICK OF THE CLOCK CAN MEAN MONEY LOST.

## ASACLEAN, high-speed PURGING COMPOUND for changeovers that beat downtime!

ASACLEAN, with *exclusive* SuperClean Technology, quickly and efficiently purges machinery to maintain peak performance. That means it ensures complete, ultra-fast color/resin changeover to minimize downtime. ASACLEAN delivers cleaning power that other products don't, so contaminants that can lead to costly resin waste and production slow-downs don't stand a chance. Insist on the one with the proven ability to keep output moving at top speed. Purge with ASACLEAN, and get *power in every pellet*.
